

■ Uvod

Podjetje je bilo ustanovljeno leta 1990 in sicer kot Ključavničarstvo Franci Žnidaršič s.p.. Vsa leta je podjetje postopoma raslo in se razvijalo od enostavnih ključavničarskih izdelkov, do današnjih izdelkov kovinske galanterije.

Vsem spremembam in ciljem, ki smo jih dosegli, pa je sledila tudi zamenjava imena. Zato smo podjetje Kovinska galanterija Žnidaršič Franci s.p. prestrukturirali in preimenovali v KGŽ kovinska galanterija d.o.o..

Kovinska galanterija Žnidaršič je danes uspešno podjetje z vrhunsko tehnološko opremljenostjo. Naš cilj je, trajno zagotavljati visoko kvaliteto, ter trend rasti poslovanja tako v razvojnem kot ekonomskem vidiku.

Število zaposlenih je raslo od 1 zaposlenega, do sedanjih 20 zaposlenih delavcev. Delo opravljamo v sodobnih prostorih in na sodobnih CNC strojih. Izdelujemo kovinske komponente za pisarniško pohištvo in opremo po naročilu. To so predvsem sestavni deli in pohištveni elementi za potrebe in opremljanje poslovnih prostorov. V podjetju nudimo tudi storitve: varjenje z robotom, laserski razrez, prebijanje, krivljenje pločevine. V proizvodnem procesu se uporablja cevni program in obdelava različnih vrst pločevine. Od vrste izdelka je odvisen tudi postopek izdelave

Naša konkurenčna prednost je v hitrem obvladovanju posameznih proizvodov, kvaliteti, spoštovanju dogovorjenih rokov, ter zagotavljanju individualnih potreb investitorjev in projektantov za notranjo opremo industrijskih, poslovnih, hotelskih in individualnih zgradb.

Naše podjetje se odlikuje po dobrem servisu, saj smo pripravljeni zadovoljiti posameznim željam, ki se pojavijo ob opremljanju prostorov. V katalogu so predstavljene nekatere možnosti, ki jih nudijo naši proizvodi, ter tehnični podatki, ki jih proizvajalci pohištva potrebujejo za načrtovanje in naročanje blaga.

Informacije dobite tudi na naši spletni strani www.znidarsic.si

Proizvodnja

Laserski razrez pločevine

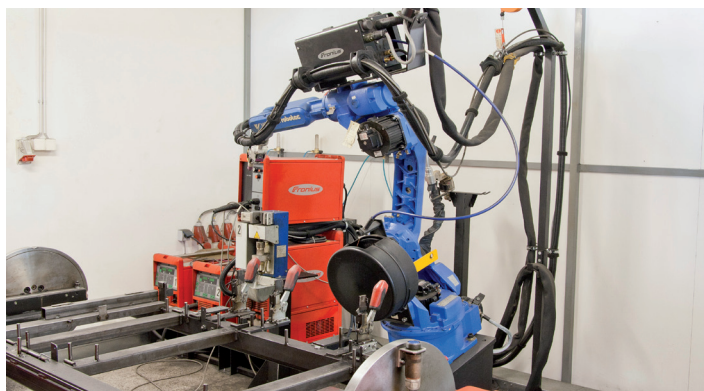

CNC žaga

CNC prebijanje pločevine
